About Me

I'm a self-taught Full Stack Developer with over 4 years of experience in designing and building powerful AI-based SaaS tools, modern websites, and scalable web applications. My journey from Bihar to working with international clients as a freelancer reflects my commitment, consistency, and passion for technology. I specialize in creating high-performance digital products using React, Next.js, TypeScript, Node.js, and more. I blend creativity with functionality to deliver meaningful digital experiences that solve real-world problems.

Summary

Experienced Full Stack Developer with 4+ years in full-cycle web and app development. Expert in modern tech stacks like React, Next.js, TypeScript, and AI integration. Successfully delivered 10+ international SaaS projects with Stripe, OpenAI, and Gemini AI integration. Strong design sensibility with a client-focused mindset.
